

AZAD HALL – 20/02/2017

There is no complain regarding food from the students. The food quality is good.

- The kitchen, stairs needs cleaning periodically. Cleaning staffs are not working properly
- The burners inside the kitchen are very dirty. Needs cleaning.
- In kitchen, utensils are very old and dirty and needs replacement
- Dosa tawa needs to be cleaned or replaced
- **Bain Marie** is needed
- **Fire extinguishers** are needed for all the floors **(As required by the students) In fact the fire extinguishers can be provided to all the hostels esp. the hostels with larger student capacity**

Civil work is badly needed in this hall.

- The walls of the kitchen and office are soaking
- Entrance door of the gymnasium needs to be changed
- The canteen and the whole hall (both inside and outside including the new one) needs whitewash
- The roofs need treatment as they are dripping during the rainy season. They have given the complain to the civil works section but nobody is paying attention.
- The corridor walls are soaking due to the overhead tank leakage.
- There are cracks in various walls and the plasters are coming off from the sidewalls and roof of the corridor in between the kitchen and the gymnasium.
