

HALL MANAGEMENT CEDNTRE
IIT KHARAGPUR

Dated: 21st August, 2017

N O T I C E

It is being observed that in some of the Halls of Residence, a large number of boarders are taking their lunch and dinner plates to their respective rooms. In this process, uncleaned plates with wastage remain in the corridor and become a source of attraction for dogs and cats. Sometimes, boarders are even throwing spoons /glasses in the bins.

All the borders are strictly restricted not to take any food from mess to their room. Those who will not obey by this rule will be penalised heavily.
